Nancy,

You completed our 3-month, 1% challenge and made a step toward an improved financial future.

That Wasn't So Hard, Right?

Small changes are easy to keep—you're off to a great start! Why not continue your new contribution rate to keep growing your savings. You don't need to do anything to continue your financial commitment to the future.

About Those Bills...

If you need to change your contribution to the previous rate, submit a new [Contribution Election](#) form to your payroll administrator.

*Contributions **will not change back automatically**—you must submit a new form to change your contribution percentage.*

How'd They Do It?
