EY Launching New Website Prepare By Downloading Your Documents

While technology is constantly changing, your financial planning provider, EY Financial Planning Services, is staying ahead of the curve. That's why EY is introducing a new website for participants called **EY Navigate™** in November. The new site will offer upgraded features, including more focused questionnaires with bite-sized actions you can take.

Preparing for the Launch

If you have uploaded documents to your secure mailbox on the [current EY website](#), those documents will not be accessible from EY Navigate. **If you need access to these documents, you must download and save them by November 1.** Your EY planner will have to retrieve your documents manually after November 1.

We are excited for you to see EY Navigate. If you have questions, call your EY planner at **1-800-360-2539**.
