Dear Participant,

It's June and many of us are looking toward a summer of social distancing. In some areas, churches are beginning to reopen, while in others, pastors are continuing to adapt their ministries to connect with congregations virtually. With this in mind, we recently launched the [Clergy Corner](#) on wespath.org to offer pastors and church leaders ideas and tips for maintaining connection in their communities and congregations.

It has been less than a week since the updates to [Benefits Access](#) launched. If you haven't had a chance to try the site and see how much easier it is to find what you're looking for, watch the video below or log on today. We'd love to hear what you think, so please consider taking our three question survey at wespath.org/r/bafeedback.

Our investments team is back with a video summarizing Wespath's [Monthly Investment Report](#), which provides an analysis of market trends and developments, including the ongoing impact of the pandemic.

We will continue to provide information and updates on [Facebook](#) and [Twitter](#), and on [Wespath's Coronavirus webpage](#). If you need help managing your accounts or accessing Wespath's programs and services, call us at **1-800-851-2201** business days from 8:00 a.m. to 6:00 p.m., Central time.
